The Naval Research Laboratory (NRL) has a requirement to provide research and development support for a wide range of NRL research activities that include, but not limited to: Systems Engineering and Research Support in Modeling and Simulation; Intelligent Information Systems; Virtual and Augmented Reality Systems and Applications; Visual Information Interfaces for Data Analysts; Composability; Data Specification and Delivery for Distributed Applications; Information Security Capabilities; Immersive Simulation; Sensor Systems; Integration and Evaluation of Intelligent Decision Aids; Voice Biometric System; Communications System; Distributed Networks and; Computer and Communication Based Systems. The government anticipates award of a Cost-Plus-Fixed-Fee term type contract. The anticipated period of performance is a basic award for twelve (12) months, with 4-twelve (12) month option periods, if exercised. The anticipated level of effort is 160,160 hours per twelve (12) month period. The performance will be on site at the Naval Research Laboratory, Washington, D.C. This is a follow-on to NRL Contract number N00173-03-C-2037, which was awarded to ITT Corporation Advanced Engineering and Sciences Division at 2560 Huntington Avenue 200, Alexandria, VA 22303. NRL uses Electronic Commerce (EC) to issue Requests for Proposals (RFPs) and amendments to RFPs. Paper copies of the RFP will not be provided. This is not a solicitation. The actual closing date for proposals will be stated in the solicitation when issued. All responsible sources may submit a bid, proposal, or quotation which shall be considered by the agency. Other business opportunities for NRL are available at our website <http://heron.nrl.navy.mil/contracts/rfplist.htm>. The

Government does not intend to use FAR Part 12, Acquisition of Commercial Items.
