

## **EXPORT-CONTROLLED INFORMATION AND TECHNOLOGY**

The Contractor represents and certifies that it is obligated to and will comply with all applicable United States laws and regulations regarding the export of information and technology before providing or disclosing (anywhere in the world) any export controlled articles, services, or information to any individual or entity (including, but not limited to, the Contractor's employees, affiliates, consultants, and subcontractors at all tiers) that is not a United States person (as defined in the ITAR). Further, this representation and certification shall be required by the Offeror/Contractor from all of its affiliates, consultants, and subcontractors (at all tiers) participating in the response to this RFP.)
