16B. UNITED STATES OF AMERICA (Signature of Contracting Officer)	16C. DATE SIGNED

The purpose of Amendment 0001 is to answer questions from potential offerors

1. Questions and Answers for potential vendors:

Q. The specifications state the volume of the 3 sensors needs to be within 8"x 4" x 4".
Is the 8" dimension along the optical axis of the lenses on the system?

A. Each of the three imagers needs to be within the 8 by 4 by 4 and weigh up to 4 lbs
– not the combined systems.

Q. Is there any relief available on any of the 3 sensor dimensions? If a proposed
sensors met two of the dimensions and violated the third dimension by say 1 inch
would that be acceptable?

A. The Offeror is responsible for the content of its proposal. Proposals will be
evaluated in accordance with the criteria stated in the solicitation.

Q. Is the optical axis of the lenses looking nadir from the payload module?

A. Yes, the optical axis points nadir, or at least, toward the imaging target.
