The purpose of this amendment is to answer a question received from a potential offeror.

Question 1: Attachment 2, Page 3 provides a labor category of Engineering Technician (Microwave) for Task II. Section H3, Page 9, Anticipated Level of Effort Table, does not allocate any hours for the Engineering Technician labor category for Task II. Recommend that the Table on Page 9 be changed to reflect that the Engineering Technician labor category will support 3120 hours in Task I and 1040 hours in Task II. Additionally, recommend the Mechanical Technician labor category on Page 9 be changed to reflect 5200 hours in Task I and 1040 hours in Task II due to the nature of support required in Task II of the SOW. In doing so, the total labor hours will not be changed but will allow the bidder to submit a proposal in compliance with Page 21, Sect L-11, paragraph (1) which requires us to include a matrix indicating proposed hours by skill category required to perform the SOW.

Answer 1: In response to the above question, clause H-3 ONR 5252.216-9706 - LEVEL OF EFFORT (DEC 88)(k) is revised as follows:

(k) The anticipated breakdown by labor category of the total level of effort is as follows:

Labor Category	Hours	Hours	Hours	Hours	Hours
