Contracting Office Address

Department of the Navy, Office of Naval Research, Naval Research Laboratory, 4555 Overlook Ave.
S.W., Washington, DC, 20375

Description

The Naval Research Laboratory (NRL) has a requirement for fire protection research and development in the following task areas: 1) Fire extinguishing Agents/Delivery Systems; 2) Fire Hazard Analysis/Passive Fire Safety; 3) Small and Large Scale Fire Tests; 4) Fire Fighting Training and Tactics; 5) Fire Protection in Submarines and other Enclosed Spaces; 6) Simulated Propellant-Induced Fires; 7) Total Ship Survivability Tests and Remote Damage Control. The contractor shall provide technical

personnel including logistic support, firefighters, statisticians and photographers as required for specific test programs. Work is to be performed on-site at the Naval Research Laboratory, Washington, DC and its Chesapeake Beach, MD facility, aboard the ex-USS Shadwell in Mobile, AL, the Naval Air Weapons Center, China Lake, CA and other government facilities as required. The contractor must provide approximately 205,000 hours of analytical, scientific, technical, engineering and administrative support on a level-of-effort basis. The Government anticipates a base year of 12-month period of performance with four Options that will extend the period of performance for an additional 12 months each, if exercised. The Government anticipates an award of a Cost Plus Fixed Fee (CPFF) term type of contract. The Statement of Work, labor categories, and minimum personnel qualifications will be included in the solicitation package. This is a 100% Small Business Set-Aside. The incumbent contractor is Hughes Associates Incorporated, 3610 Commerce Drive, Suite 817, Baltimore, Maryland 21227-1652. Paper copies of the Request for Proposal (RFP) will not be provided. The NRL uses Electronic Commerce (EC) to issue RFPs and amendments to the RFPs. All responsible sources may submit a bid, proposal which shall be considered by the agency.
