Description

The Naval Research Laboratory (NRL) has a requirement for Research and Development in Distributed Simulation Technologies, and computer modeling and simulation. The research sought will concentrate on the Probability of Raid Annihilation (PRA) Common Threat and Environment Capability (PRATEC) Resource Enhancement Project and the Requirements Analysis Working Group (RAWG). A detailed statement of work and the minimum personnel qualifications will be issued with the solicitation. The Government anticipates an award of a Cost Plus Fixed Fee (CPFF) term type contract. The contractor shall provide, on a level-of-effort basis, approximately 2026 hours for the base year, 2991 hours for Option Year 1, and 3000 hours for Option Year 2. All personnel are required to have

a minimum secret security clearance. The Period of Performance for this requirement is for one Base Year with two Optional one-year periods that may be exercised at the discretion of the government. NRL uses Electronic Commerce (EC) to issue Request for Proposals (RFPs) and amendments to RFPs. Paper copies of the RFP will not be provided. All responsible sources may submit a proposal, which will be considered by the agency. See Numbered Notes: 26.
