Description

This is a combined synopsis/solicitation for commercial items prepared in accordance with the format in Federal Acquisition Regulations (FAR) Subpart 12.6, as supplemented with additional information included in this notice. This announcement constitutes the only solicitation;

proposals are being requested and a written solicitation will not be issued. The solicitation, N00173-06-R-LS02, is issued as a Request for Proposal (RFP). The solicitation document and incorporated provisions and clauses are those in effect through FAC 2005-08 and DFARS Change Notice 20060223; Class Deviation 2005-DO0010 and NMCARS (03-6). The associated small business size standard is 500 employees. NRL has a requirement for: Contract Line Item Number (CLIN) 0001, A Spectral and Radiometric Calibration Facility for MidWave and LongWave InfraRed (MWIR and LWIR) Imagers, 1 EA; CLIN 0002, Reports and Operation and Maintenance Manuals, 1 LO; And Option 1, CLIN 0003, Hardware and software required to operate CLIN 0001 under computer control. The complete specification and/or other information required for this combined synopsis/solicitation is available at <http://heron.nrl.navy.mil/contracts/RFP/06ls02.htm>. Delivery and acceptance is at NRL, Washington, D.C. 20375, FOB Destination. Delivery shall be no later than 12 months from date of award. The provision at 52.212-1, instructions to offerors-commercial, applies to this acquisition. The government intends to award a contract resulting from this solicitation to that responsible offeror proposing the lowest price for the items that have been determined to comply with the requirements of the specifications and solicitation. The proposal must demonstrate an understanding of the requirement and the ability to meet the specifications. The provision at far 52.212-2, evaluation--commercial items is incorporated. The government intends to award a contract resulting from this solicitation to that responsible offeror whose offer conforming to the solicitation will be the most advantageous to the government, price and other factors considered. The following factors shall be used to evaluate the offers: the following factors shall be used to evaluate the offers: (i) technical capability of the item offered to meet the government's requirements; (ii) price; and (iii) past performance. Technical capability and past performance when combined are approximately equal to price. The government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the government to exercise the option(s). Offeror must complete and submit with its proposal, FAR 52.212-3 Offeror Representations and Certifications--Commercial Items and DFARS 252.212-7000 Offeror Representations and Certifications--Commercial Items., which are identified as B and available electronically at: <http://heron.nrl.navy.mil/contracts/repandcerts.htm> The clause at FAR 52.212-4, Contract Terms and Conditions-Commercial Items applies along with the following Addenda: A. See the aforementioned delivery and acceptance requirements. B. Option (s): The Government may require delivery of the optional items by the Contracting Officer giving written notice any time prior to contract completion; C. Authorized Government Representative ? To Be Completed at Time of Award; D. Electronic and Information Technology (EIT) (applicable only to Option 1, if exercised): In accordance with Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), all EIT supplies and services provided under this contract must comply with the applicable accessibility standards issued by the Architectural and Transportation Barriers Compliance Board at 36 CFR part 1194 (see FAR subpart 39.2). Electronic and Information Technology (EIT) is defined at FAR 2.101. E. Requirements for On-Site Contractors ? For those portions of the work under this contract performed at any NRL site, the contractor shall comply with the Requirements for On-Site Contractors dated 30 July 2004, which are hereby incorporated by reference.
