Description

The Naval Research Laboratory (NRL) has a requirement for research and engineering services in support of these basic task areas: Simulation Maintenance, Simulation Operation, Simulation Development, Reverse Engineering, and Other Engineering. A detailed statement of work and the minimum personnel qualifications will be issued with the solicitation. The Government anticipates an award of a Cost Plus Fixed Fee (CPFF) term type contract. The expected period of performance is for 12 months with four (4) 12-month option periods. The contractor shall provide, on a level-of-effort basis, approximately 11,040 hours for the basic award and 11,040 for

each of the four Option periods, if exercised. All personnel are required to have a minimum secret security clearance. The Period of Performance for this requirement is for one Base Year with four Optional one-year periods that may be exercised at the discretion of the government. NRL uses Electronic Commerce (EC) to issue Request for Proposals (RFPs) and amendments to RFPs. Paper copies of the RFP will not be provided. This requirement is currently being performed under contract N00173-01-C-2044 with Caci Technologies Inc. 14151 Park Meadow Drive, Chantilly, VA 20151. All responsible sources may submit a bid, proposal, or quotation, which shall be considered by the agency.
