Classification Code: J -- Maintenance, repair & rebuilding of equipment
Naics Code: 811310 -- Commercial and Industrial Machinery and Equipment (except Automotive and Electronic) Repair and Maintenance

Contracting Office Address

Department of the Navy, Office of Naval Research, Naval Research Laboratory, 4555 Overlook Ave. S.W., Washington, DC, 20375, UNITED STATES

Description

The Naval Research Laboratory has a requirement for the provision of all labor, materials, and equipment necessary to service and perform preventative maintenance and repairs on two station air compressors, two compressed air filters, one heatless regenerative compressed air dryer and one cooling tower for a period of one year with the possibility of four one-year options to be exercised at the discretion of the NRL. An onsite visit will be available with the details of the visit included in the solicitation. The government anticipates awarding a hybrid contract

consisting of time and materials line items for the unscheduled maintenance and firm fixed price line items for the preventative maintenance and regularly scheduled service. The small business size standard is \$6,500,000. A complete Statement of Work will be issued with the solicitation. All responsible sources may submit an offer, which will be considered. The NRL uses Electronic Commerce (EC) to issue RFP's and amendments to the RFP's. Paper copies of the RFP will not be provided. The proposed contract listed here is to be awarded under full and open competition. All responsible sources may submit a proposal, which shall be considered by the agency. This and other business opportunities for NRL are available at our website <http://heron.nrl.navy.mil/contracts/rfplist.htm>. The response date published in this synopsis is the current estimated date. The actual due date for proposals will be stated in the solicitation when issued. See Note 26.
